MEMORANDUM FOR: Deputy Director (Intelligence)

SUBJECT: JCS Requirements Relating
to Mission 4125

1. Attached hereto is a copy of the subject requirements just received. As you will note, this constitutes a rather substantial list which comes from a source which has hitherto not requested such a volume of products and services.

2. We are prepared to meet this request if you have no objection. However, because of my own uncertainty of the relationships which should exist between CIA and JCS in these matters, I would appreciate any guideline which you might care to offer.

3. Colonel William Burke DPD/DDP and I briefed the JCS Special Staff in the Special Projects Office on 16 July 1959. The group in attendance included such seniors as Dr. Herbert York (ARPA), Lt. General Picher USAF, General Erskine USMC, RADM Post USN, and many others. The response was excellent, and it now appears to me that JCS is going all out to get with us and from us on anything we might be doing at PIC. In fact, Dr. York tried without my previous knowledge to get me in to brief the Secretary of Defense while I was there. This, fortunately for me, could not be scheduled at that time. Before doing this, I would want approval from you, the DCI, the DDCI, or DD/P. It appears now that the briefing for SEC DEF is being set up for Tuesday, 21 July 1959.
